'You Count'

In my home **I'm surrounded by logically thinking,** good at maths- equation remembering **spreadsheet lovers**. As someone who is **entirely the opposite** it made me think that maybe, just maybe **data and maths could be interesting and** maybe even **beautiful?**

I took a better look and started a Pinterest board (my favourite!) and before long I found myself **inspired by infographics, data visualisation artists** and even **equations** that have changed the world- and then I drew them and played with my **number stencils** and before long I had a fabric collection called **'DATA'.**

Joseph, you were right all along- **data is cool!**
