Blossom Jubilee

by Bunny Hill Designs

Blossom Jubilee grew from my love of **cottage gardens and the comforting feeling of home** surrounded by flowers. Blossom Jubilee invites you to stitch stories of comfort, friendship, and simple beauty — one petal at a time.

I've combined **soft florals, classic gingham, delicate stripes, and tiny dots** in a palette of red, pink, blue, navy, and cream to create fabrics that feel timeless yet cheerful. The quilts in this collection tell a story of **blossoms, little houses, and of course those garden bunny friends** — designs I hope you will stitch slowly, enjoy daily, and treasure for years to come.

Wishing you the happiness of sewing something **made with love!**
