COPA FLORA

Amarilyz
HENDERSON

Copa Flora is a cocktail of juicy color with a tangy twist—**festive, nostalgic, and a little quirky**. Inspired by the rhythm and glamour of vintage tropical nightlife and the unforgettable flair of Carmen Miranda, the collection blends **bold fruit motifs, vibrant color, and vintage sparkle** into prints that feel both statement-making and versatile.

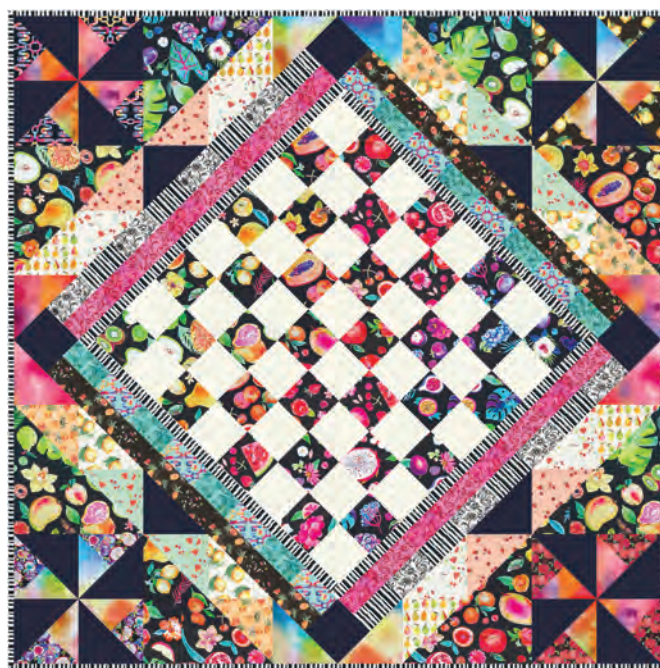

Designed to spark joy at first glance, Copa Flora invites makers to sew with rhythm and create projects that feel celebratory, confident, and a bit unexpected.

The collection offers multiple color stories and built-in versatility for real-world sewing. Dramatic black-ground prints bring bold sophistication, airy pastel fruits add a playful seasonal touch, and large-scale fruit designs create striking focal points. **Coordinating blenders—including a watercolor rainbow and fruit ombré prints—pair effortlessly with a standout border panel** featuring illustrated copa girls, making it easy to craft stunning quilts, bags, and home décor.
