Hearth&Holly

I'll be home for Christmas, you can plan on me!

On a snowy lane, at the end of a winding path, sits a little house with a red door and an evergreen wreath trimmed in holly berries. Inside, the fire is crackling. A stack of presents waits patiently beneath the tree, strings of garland drape the mantel, and paper snowflakes dance in the windows. Someone is humming Christmas carols in the kitchen, cookies are cooling on the counter, and a pair of mittens has been left by the door, still dusted with snow. If you listen closely, you can almost hear the laughter.

Hearth & Holly invites you into this cozy winter cottage, where every detail tells a story. Rich plaids, festive florals, delicate snowflakes, playful snowmen, and charming holiday motifs are woven together in shades of burgundy, creamy winter white, frosty blue, and forest green to capture the warmth and wonder of Christmas at home. It's a collection about the little things—the traditions we keep, the memories we make, and the moments that become part of our family's story. Because long after the snow has melted and the decorations are packed away, these treasured moments around the hearth remain in our hearts forever.
