paperTrails

BY CATHE HOLDEN

The Holdens are a family of lifetime campers, so as you can imagine, this theme was loads of fun to create! The Paper Trails collection began with **vintage paper ephemera and typography** cut and assembled into a nostalgic, campy motifs. The main collage print features campers, cabins, tents, picnic tables, wildlife, tree-lined mountains, and fresh water for fishing and floating. Coordinating prints include rich wood, forest foliage, faded plaid blankets, picnic basket weave, speckled enamelware, rustic framed icons, fishing tackle, mossy grounds, and a starry night border-print with **classic campground scenes**.

With a palette of woodland greens, lake blues, warm browns, campfire reds, cream and birch, the collection brings **a quaint, trail-inspired feel** to quilts and other sewing creations!
