

Sunroom

by Corey Yoder of *Coriander Quilts*

Sunroom is a cozy, sunshine-filled collection inspired by warm afternoons, sunshine pouring through the windows, and the simple happiness of home. The colors include cheerful reds, rosy pinks, buttery yellows, fresh greens, and soft grays both light and dark.

The Sunroom prints are a sweet mix of favorites and new essentials. You'll find tulip-filled florals, tiny scattered flowers, classic polka dots, cheerful stripes, a stitched texture print, and the return of Tiny Peel.

"You are my sunshine" was running through my head as I created this fabric collection. I hope that the projects you make with Sunroom spread sunshine to all of those around you and bring you joy as you sew with them.
